SELECTMEN'S REPORT

Once again another year has drawn to a close for the Town of Jackson. 1997 saw the usual amount of activity.

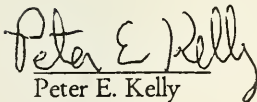

Ellie Lang retired as administrative assistant to the Board of Selectmen after 18 years of service. She will however, continue on a part time basis assisting her replacement Tracy Mosston.

The town has survived the "unforgettable Ice Storm of 1998". The highway, police and local utility departments, as well as many local citizens giving a helping hand wherever needed did a commendable job. To you all, the Selectmen say thank you.

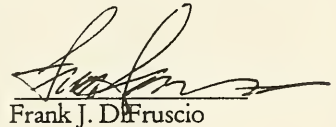

This year the Gray's Inn Property debt will be three-quarters paid. Preliminary plans for a town office building are being drawn up and hopefully the new building will be under construction in 1999.

As you go to the polls and attend town meeting on March 10th we ask you to keep this in mind. The Selectmen have prepared the 1998 budget with your tax dollars in mind but it is only you who can make it work. We suggest you keep abreast of the change in educational funding on a State wide level as this could easily double your taxes.

Again we say thank you to all our local departments, volunteers and citizens, one and all that help to keep the town of Jackson running smoothly and a town to be proud of.

RESULTS OF THE JACKSON TOWN MEETING MARCH 11, 1997

Polls were opened at 10:30 AM by Moderator Raymond Abbott Jr. and closed at 5:30 PM. The meeting was called to order by Raymond Abbott Jr. at 7:00 PM. The opening flag ceremony was conducted by Brownie Troop 116 and Junior Girl Scout Troop 2197. A prayer was then offered by Rev. Dr. Robert Abarno for the meeting. Pastor Bob thanked the town for his 10 ½ years being a resident. He has been called to another church in Pennsylvania and will be leaving early April.

The Moderator accepted a motion to dispense with the reading of the Warrant.

ARTICLE 1. Results of the ballot voting were given:

Selectmen for 3 years	Frank J. DiFruscio	178
Trustee of Trust Funds for 3 years	Timothy G. Scott	183
Trustee of Cemeteries for 2 years	Ross L. Heald	188
Trustee of Cemeteries for 3 years	William Browne	185
Library Trustee for 3 years	Margaret Phillips	146
Auditor for 1 year	Frank J. Connolly Jr.	187
Above officers that were present were sworn in by Moderator, Raymond Abbott.		

ARTICLE 2. Voted to modify the Elderly Exemptions from property tax as prescribed under RSA-72:39b(c) as follows: for a person 65 years of age up to 75 years \$5,000.00 for a person 75 years of age up to 80 years of age \$10,000.00 a person 80 years of age and older \$20,000.00. To qualify, the person must have been a New Hampshire resident for at least 5 years. In addition the tax payer must have a net income of less than \$13,400.00 or if married a combined income of less than \$20,400.00 and own net assets not in excess of \$35,000.00.

ARTICLE 3. Voted to raise such sums as necessary to defray Town charges for the ensuing year and make appropriations for the same.

ARTICLE 4. Voted \$16,650.00 Town Officers Salaries.

ARTICLE 5. Voted \$74,850.00 Town Officers Expenses.

ARTICLE 6. Voted \$156,450.00 Maintenance of Highways.

ARTICLE 7. Voted \$5,000.00 Reconstruction of Sidewalks. There was discussion of how much could be accomplished with this amount. Selectmen DiFruscio explained a balance of \$3,100.00 was previously set aside. Thom Perkins was recognized and announced that the Jackson Ski Touring Foundation will donate \$2000.00 for this purpose. It was hoped that most of the sidewalks in the center of town could now be repaired.

ARTICLE 8. Voted \$300.00 Street Signs.

ARTICLE 9. Voted \$69,600.00 Police Department

ARTICLE 10. To see if the town will vote to create a full time Fire Chiefs position and raise and appropriate \$31,724.10 for salary and benefits. The fire chief will be elected for an indefinite period of time by the members of the fire department subject to the approval of the Board of Selectmen. The chief will be technically qualified by training and experience and not removed without just cause and public hearing (Pursuant to RSA 154:5 and RSA 154.1.III). It was moved, discussed and brought to ballot vote. There were 196 votes cast with 67 in favor and 129 against; therefore, the article was defeated.

ARTICLE 11. Requested \$40,300.00 for the Fire Department. Selectmen DiFruscio asked for an amendment to increase this by \$2,500.00 for wages. The amended amount of \$42,800.00 was voted.

ARTICLE 12. Voted \$3,500.00 Emergency Communications. It was questioned what this was. It is the antenna on Thorn Mountain (Tyrol) used for fire and ambulance with Bartlett.

ARTICLE 13. Voted \$19,000.00 Solid Waste Disposal.

ARTICLE 14. Voted \$9,000.00 Maintenance of Town Property.

ARTICLE 15. Voted \$8,000.00 Maintenance of Town Park. This was increased as a new lawn mower has to be purchased and work needs to be done on the pond to prevent further damage from flooding.

ARTICLE 16. Voted \$4,500.00 Maintenance of Cemeteries.

ARTICLE 17. Voted \$8,500.00 Street Lighting.

ARTICLE 18. Voted \$44,000.00 Blue Cross/Blue Shield for employees.

ARTICLE 19. Voted \$21,000.00 Social Security, MT and N.H. Retirement System.

Auditor's Certificate

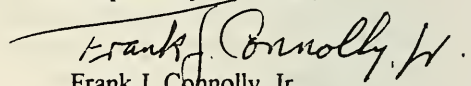

The undersigned, the auditor of the Town of Jackson, New Hampshire, does hereby certify that he has examined the accounts, books, vouchers, statements and other financial records of said town and its various officers.

Auditor found that unpaid liens of April 15, 1993 and unpaid liens of May 16, 1994 have now either been paid or deeded to the town as of December 31, 1997.

Auditor found that the selectmen and trustees of trust funds have adopted and reviewed written investment policies (RSA 41:29, IV) so as to maximize the investment of any idle funds.

Auditor found the accounts, books, vouchers, statements and other financial records of said town and its officers to be true and accurate in all other respects.

Respectfully submitted,

A handwritten signature in dark ink, reading "Frank J. Connolly, Jr." with a stylized flourish at the end.

LIBRARY TRUSTEE'S REPORT

Our sincere appreciation is extended to Pamela Abbott who served as a dedicated Library Trustee for over 17 years. She retired from the Library Board this year and was replaced by Margaret Phillips who was elected in March.

We are deeply grateful to Edward and Marjorie Trickey March whose will named the Library as one of its beneficiaries. Their largesse will enable the Library to plan for future improvements to serve our reading community better.

Attractive postcards with a scene of the library following a lovely winter snowfall are now available for sale individually or in quantity. Check at the Library for details.

Our current computer has streamlined the process of acquiring books through Interlibrary Loan. Circulation figures show an increase of more than 100% in the Interlibrary Loan usage. We have also received a grant from the NH State Library for LSTA (Library Services and Technology Act) Title II funds for future enhancement for Internet use.

Audio books and videos are now part of the Library collection. The Library has joined a local library cooperative to offer a larger rotating selection. Come in and check them out.

Librarian Susan Dunker-Bendigo has organized a Junior Friends Group. This lively group, aged 8 to 15, has been a helpful volunteer source. In the fall a successful Book and Bake Sale was held. Many local volunteers throughout the year have also ably assisted the Librarian. An accolade to you all.

Saturday hours have been curtailed for the winter months. A decision on whether to continue them will be made in the spring.

The summer reading program with a theme of "Take me to your Reader" involved 22 students participating in reading over 200 books. A party with fun and games was held on the Library lawn. At the end of the program two crafts projects were also done during the summer under the guidance of the librarian and June McLeavy. The Jackson Grammar School classes continue to visit the Library on a weekly schedule during the school year.

Our on-going porch book sale from Memorial Day to Columbus Weekend continues to yield worthwhile results. Thanks to all that have donated and purchased these books. Also we wish to thank those who contributed to the Library at the annual Christmas in July Party at the Christmas Farm Inn.

1997 ANNUAL REPORT OF THE TRUSTEES OF CEMETERIES

Thanks to Pat Donnelly's dedicated maintenance, Floribunda's horticultural talents, and Reg Illsley's mechanical skills the Village cemetery continues to be beautifully groomed. In 1998 we will seek estimates for repairs on the fence and gate. As usual, Dean Davis has done a fine job in keeping the Dundee cemetery mowed. Only two new lots were assigned in 1997, both in the village cemetery. The late Ed March has left a very generous bequest to the cemeteries for which we are extremely grateful. The first installment of \$45,000.00 has been received, with the balance forthcoming in 1998. Mr. March was himself a Jackson institution, and his memory will continue through his wonderful gift.

JACKSON CONSERVATION COMMISSION

It used to be that the days, weeks, and months seemed to pass quickly with the changing of the seasons. Now it seems that the years also fly right off the calendar. Time for volunteer activities in the community becomes more limited but no less important. Our kudos of volunteer recognition go to Bill Hall of Green Hill for being the sole volunteer to step forward to stain the picnic tables which the Commission placed at Jackson Falls and Memorial Park last year. Others deserving recognition are those individuals and families who participated in our River Clean-up in May. All of your efforts reward the entire community by helping to maintain an important natural resource which contributes to the quality of our lives.

The Commission continued in its role of reviewing Dredge & Fill applications from the Town, the Jackson Water Precinct and private individuals. This work was performed in conjunction with the N.H. Wetlands Bureau, a reorganization of the NH Wetlands Board and the Natural Resources Conservation Service of Conway. We also provided planning consultations and field visits to sites for proposed projects such as the Gray's Inn property. Long term planning will ensure that the proposed Municipal Center will work for the good of the entire community.

Perhaps the most involved activity of the Commission this past year was a review of the various conservation easements which have been donated to the Town of Jackson. In coordination with the Society for the Protection of N.H. Forests, the Commissioners familiarized themselves with the provisions of the various easements, visited sites, and interviewed land owners to monitor compliance with the terms of the easements. These easements, along with the efforts of smaller landholders, are the single most important means of preserving the rural character of our community.

There are a number of activities which may have an adverse effect on the character of Jackson. Some have been reflected in the headlines as news items in surrounding towns. There are currently a number of applications awaiting approval by the FCC for installation of radio transmission/cellular communication towers. These towers will become permanent fixtures on our skylines. We've had helicopters in Jackson over the years but there appears to be an increase in their activity level and Jackson has no ordinance to address this activity. There has been a proliferation of boom-boxes on wheels which has been brought to our attention by local citizens. With the increase in population due to development has come a marked increase in the number and intensity of exterior lighting. A few years ago there was a citizen petition proposed to develop an ordinance to regulate exterior lighting. It was considered a bit over the edge at the time, but

when you realize that you can no longer see stars down to the treeline because of the glow in the sky, perhaps this effort was ahead of its time.

Some of these issues can only be addressed politically. Contact the Board of Selectmen for more information or to express your concerns. Other concerns may be addressed on an individual level. We can reduce the number of lights and the wattage of lights in use so that safety concerns are addressed adequately. There's no need to have lighting intensities that will allow one to read the small print in a contract. Lights can be put on a timer or a motion-sensing switch. All of these efforts will reduce costs and, collectively, enhance the quality of our lives.

We have a pretty full slate of activities planned for 1998. The stocking program sponsored by North Country Angler will continue at Memorial Park. They stock the pond for children aged 10 and under in exchange for use of the pond as an outdoor classrom for fly fishing classes. All of their catches are released back into the pond. The Commission urges that close parental supervision be the rule. The annual River Clean-up Day is scheduled for May 16, 1998 and we are proposing a Trails Day on July 18, 1998. We will be exploring the possibility of an extension of the popular River Walk with the Jackson Eastside Walk Foundation to create a 3/4 mile loop. We continue to support Hazardous Waste Collection Day in September. Another activity we would like to promote is the annual Audubon Bird Count. More information on these programs will be forthcoming as the dates draw near. Become involved.

Finally, the Wildcat River Commission has developed a Comprehensive River Management Plan as an addendum to the existing Plan adopted by the town upon designation of the Wildcat River as a National Wild and Secenic River in 1988. This plan has been developed with the framework of existing regulations and will be reviewed for adoption during the coming year. Meetings are open to the public and are held at the Jackson Grammar School on a regular basis. Become involved.

ROAD AGENT'S REPORT

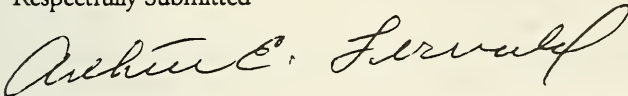

The winter of 1996 and 1997 has kept the Highway Department busy plowing and winging snow. There were 572 extra yards of sand purchased for the season.

A new highway dump sander body was purchased for the 1992 International, which has been working very well. Conway Tractor did a motor job on the Case loader. The Town also replaced the lawn mower.

The Town of Jackson and Bartlett worked together this year hauling pug mill and hot top for shimming the roads. The grader was used to put down 350 yards of pug mill and 100 tons of hot top. Roads that were sealed with tar this year include, Upper Tin Mine, Thorn Mountain Road, Sugar Hill Lane, Cameron Drive, Wilson Road and Jackson Ridge Road.

A great deal of time went into rebuilding 500 feet of sidewalk this year.

JACKSON POLICE DEPARTMENT

The Jackson Police Department activity was a little higher in 1997 than in 1996. It was good to see that the calls to alarms were down and all were false or human error. We would like to encourage everyone to take more care in the arming, disarming and maintenance of their alarm systems. This will assist in lowering false alarm calls to an even lower rate. There has been some discussion by the Board of Selectmen about implementing a fee system on false alarm calls similar to that of other towns.

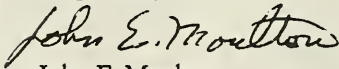

We feel the rise in other activity is due to the increased amount of visitors to Jackson in 1997.

JACKSON FIRE DEPARTMENT

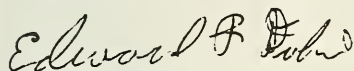

The Jackson Fire Department would like to thank the community for all the donations and help with the annual Chicken Barbecue fundraiser. Special thanks to Edward Milan for his generous donation. The money was used to purchase a special air compressor to recharge airpack tanks. In addition, a battery conditioner, which will increase the life of batteries for radios, pagers and hand light batteries was also purchased.

The Jackson Fire Department had sixty calls in 1997. These calls consisted of the more serious types such as structural fires, both in town and out of town, carbon monoxide alarms, and smoke filled houses. Over 50 % of the vehicle accidents responded to required the use of the extraction tools.

It is recommended that everyone purchase a carbon monoxide detector as well as a smoke detector. Batteries in these units should be checked and or changed twice a year. People appear to be having more trouble with gas appliances, this may be due to the age or lack of maintenance of the appliance.

I would like to thank the people of Jackson, the Selectmen, and the members of the Fire Department, for their support in 1997.

REPORT OF THE TOWN FOREST FIRE WARDEN & STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required. Violations of RSA 227-L; 17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000.00 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire wardens throughout the state. Each town has a Forest Fire warden and several Deputy Wardens who assist the forest rangers with forest fire suppression, prevention, and law enforcement. The 1997 fire season was a safe period for wildland and firefighters with no major injuries reported. The drought conditions experienced during the early summer months were a significant factor resulting in the total number of fires reported during this season.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Special note from your local Forest Fire warden:

Due to the damage done by the ice storm in January 1998, I would like to suggest that whenever possible that the brush be burned while there is still snow on the ground. If this is impossible, then the brush (nothing over 5" in diameter) should be stacked in piles away from buildings and right-of-ways and covered until we have a heavy rain. At that time a permit will be required prior to burning. Your cooperation will be greatly appreciated by your warden, deputy wardens and the Jackson Fire Department. If you have any questions, please feel free to call me at home.

BARTLETT- JACKSON AMBULANCE SERVICE REPORT

In 1997 we responded to 332 calls for service, this is 25 percent over last year.

In 1999 we will be looking to replace our ambulance with a new one. At that time ours will be 10 years old. Repairs and down time is getting more frequent. North Conway Ambulance has let us take one of their units on more than one occasion at no cost to the town. We will be going through the specification phase this year and presenting our request to the taxpayers next March.

Gordon Lang has retired this year from the ambulance service after 15 years of service to the towns of Jackson and Bartlett. Experienced personnel are very hard to replace in any organization. He will be missed.

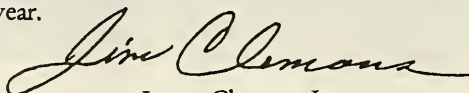

We have now been in our new station for over a year. It's great! We have running water, real heat, a meeting room, and other amenities. If anyone has not been in the new station and would like to, please feel free to contact anyone on the Ambulance Service or the Fire Department for a tour. This is your station.

Our expenditures this year were more than expected, with a twenty five percent increase in calls, we were able to cover the costs. Some of the large items were:

Alternator	\$ 1,400.00
Batteries & Electrical	543.00

1997 Annual Report of the Jackson Planning Board

The past year was a fairly quiet and straightforward one for the Planning Board. A number of subdivisions were presented to us, all of which we were able to approve.

Planning Board meetings are held on the second Thursday of the month at 7:30 p.m. at the Jackson Town Hall. These meetings are open to the public and public input is appreciated and needed. I think 1998 will present some important issues to the Town of Jackson. This is your town, participate.

Thanks go out to the Planning Board members and community members for attending the meetings. In particular, thanks to Dee McClave for her stellar performance as secretary to the Planning Board.

Respectfully submitted,

NORTH COUNTRY COUNCIL ANNUAL REPORT - 1997

The Council continues its commitment to serving community and regional needs. The transportation committee has spearheaded the Route 16 Corridor Protection Project for the North Country. Two working groups from the 14 towns lining the highway have begun looking at some of the potential actions that can be taken along the corridor and will be working towards guidelines and recommendations over the coming year. A scenic evaluation element and design guidebook will be helpful for local planning boards. In addition, the Route 2 planning assessment and the Portland Natural Gas Pipeline right of way have been the basis of recommendations for funded projects.

The Council is the catalyst for the federally funded Economic Development Administration and in the past twenty five years has brought \$33 million to projects to the North Country including the recently completed wastewater treatment plant in North Conway. In order to receive funding, projects must be included in the North Country Regional Overall Economic Development Program (OEDP) which is prepared by the Council. The Carroll County advisory meeting is scheduled for March 24th at the North Conway Sheraton and everyone interested in the economic viability of our region is urged to attend.

The Council continued its work representing the interests of the communities on the Connecticut River and the region as a whole in the Fifteen Mile Falls Hydro Relicensing project. The negotiated operating agreement insures that present access and use will continue and recreation activities and local tax revenue potential will be equivalent to present conditions.

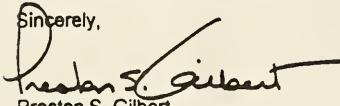

The Council adopted a plan for the Regional By-Ways and submitted a proposal to the Federal Highway Administration to have the designation on the Kancamagus Highway expanded. Work continues on the Connecticut River in cooperation with Vermont and Massachusetts.

The Community Design Program provided design assistance to Jackson in the preparation of a long range plan for the Gray's Inn property. G.I.S mapping continued for the entire North Country and support of public involvement in community decision making was provided to several towns through survey projects and local forums.

Our grant-writing and engineering staff worked with many boards and councils on ordinances, plans, drainage projects, transfer stations, master plans, assessment, road improvements, handicapped access to name but a few.

The Council is here to serve you and dedicated to supporting individual towns and promoting regional unity in the North Country.

Sincerely,

Preston S. Gilbert
Executive Director

MOUNT WASHINGTON VALLEY ECONOMIC COUNCIL

1997 was a busy year for the Economic Council. The Board of Directors and staff have developed programs that support our mission and serve our twelve-town region. We believe we have remained true to our mission to “improve and diversify the economic vitality in the Mt. Washington Valley Region” and we will continue to do so in 1998.

Following are highlights of 1997:

- Energy Workshops held in early 1997. Workshops explored the economic impact of our limited fossil fuel supply.
- Conducted a technology survey over the Internet. Survey results provide an inventory of technology professionals, potential employee market, and small business interest.
- Secured financial support from 11 of our 12 member towns.
- Hired full-time executive director and administrative assistant to implement programs of the Economic Council.
- Secured permanent office space in Conway Village.
- Sponsored its first ever Energy Fair in conjunction with the Tour de Sol- over 200 attend the event at Schouler park.
- Implemented the Business Visitation program in the Valley. 240 businesses were targeted for 1997.
- Established a Revolving Loan Fund. Two loans made in its initial year. Both loans made to local businesses.
- Developed a One Stop Business Resource Center in the Council office. The Council is joined by Anne Getchell of USDA and a newly formed SCORE chapter. The SCORE chapter and USDA provide free Business counseling to valley entrepreneurs.
- Established a monthly business leaders breakfast called Eggs & Issues. Governor Jeanne Shaheen keynote speaker for first breakfast. Breakfasts provide networking opportunities for business owners as well as present speakers of interest.
- Council forms partnership with local school districts to implement School to Work Program.
- Produced the Rural Technology Summit in mid September.

In the coming year, the Council will continue to work to strengthen the economies of the twelve towns we represent. We ask your support in our effort and invite your participation. We encourage your comments and ideas and hope you will join us in 1998 and make a real difference for the people of the valley.

Margaret Howlett, Executive Director
